## Practical vs Theory

## The Course

Are you looking to pursue a career in nursing, care, residential, youth, social or community work? If so, this work-related qualification is an ideal choice. You will develop an impressive knowledge base across a wide range of care environments and put theory into practice on work placements.

## Course Aims

- > To provide you with in depth study of the Health and Social Care sector.
- > Support you in progressing to degree level study.

## What You Will Study

### Year 1

- > Human Lifespan
- > Working in Health and Social Care
- > Meeting Individual Care and Support Needs
- > Physiological Disorders and their Care
- > Principles of Safe Practice
- > Nutritional Health

### Year 2

- > Anatomy and Physiology in Health and Social Care
- > Enquiries into Current Research
- > Work Experience
- > Promoting Public Health
- > Psychological Perspectives
- > Caring for Individuals with Dementia
- > Assessing Childrens Development and Support Needs

## Entry Requirements

You will need four GCSEs at grade 4 or C or equivalent, including English and Maths, or a relevant BTEC Level 2 / First Diploma. One satisfactory reference and a clear Disclosing and Barring Service (DBS) check are also required.

## Teaching and Learning Approach

You will learn from a mix of theory and practical sessions, enhanced by guest speakers and relevant visits.

## Time Required on Campus

You will normally be in college three days a week.

## Work Experience

You will undertake 100 hours of work experience.

## How You're Assessed

You will be assessed through assignments and external exams.

## Progression

Following successful completion of this course you will be able to progress to study at degree level.

## Careers

A huge range of opportunities are available, including in healthcare, social work, counselling and many others. This qualification also provides the opportunity to enter the profession at a more senior level.
